Yoemen Play Taylor in Conference Game

COACH DEFENDED IN INVOKING DISCIPLINE OVER TRAINING RULES; FANS HIT FOR LACK OF SPIRIT

BY THE DUMB REPORTER

No mater how acute may be the need of a coach for football material, discipline must be adhered to.

If there are those among the fans in Cameron who feel that the dismissal of four men from the Yoemen team is bad judgment, there is another side to the question.

Rules that govern the personal conduct of football players must of necessity be rigid. The coach finds himself wholly unprepared at times to enforce discipline and if the truth is ever written about behind the scenes on any football team, it will surely be found that the coach is much more lenient than surface indications reveal.

When a coach has to deal with the question of discipline and see that rules are enforced governing the training obligations signed by football players at the beginning of the season, and if he is in the least inclined to regard as mere oversights infractions of the code of ethics, he will find himself in grave difficulty.

When a boy comes out for football the first thing he is told is what he must do in the way of training and obesrving the rules. It is unfortunate that any team must face decimation of its ranks especially without adequate substitutions, but discipline must be maintained and there should be no criticism, and the Daily Herald feels that there is no criticism in informed crcles on the recent action of Coach Wood in dismissing from the squad four of its members.

There may be some difference of opinion on tactics and a coach may not always be able to deal with his men as each individual deserves, but there can be no question about the enforcement of rules of training. Failure to enforce authority and respect for these rules, would immediately demoralize a football team.

It is not hard to see a very serious lack of sentimental suport for the Cameron football team in 1939, as well as teams during past years. The dumb reporter seated in the stands the other night, could not help but contrast the difference between the Georgetown side and the Cameron side of the playing field. When substitutions were made for the visiting team, the boy who came out of play was met with open arms by his team mates, his coach and those seated in the stands gave him a big cheer. This seems to be the proper appreciation for what those boys are doing out there on the gridiron to entertain the fans and to fulfill the hopes of the school.

On the Cameron side I noticed that when substituitons were made, the boy who came off the field got little or no spontaneous applause and it was necessary for someone to remind the fans that they should give him a "big hand." There was a listless spirit on the part of the team as well as the coaching staff, giving me the impression that Cameron lacks to a great extent the spirit of appreciation which should always be manifest on occasions of this kind.

Demonstration is the logical outgrowth of good estimation and I see no reason why Cameron cannot appreciate its football team as warmly and as sentimentally as any other community in America. So let's get out there Friday night when the Yoemen play Taylor and help those boys fight the battle. Let's make them feel that they are not to be criticised for losing again but rather to be praised and honored for the principle of good sportsmanship and the spirit to fight for Dear Old Yoe High.

Negro Caught Burglarizing Store Uses Clever Ruse to Escape From City Officers in Cameron Is Captured After Chase Into Country North City

Olehue Taplin was captured on the Ed Junek farm north of Cameron after he had been chased from the Brook's tank on the B. F. Stewart place southwest of the city by Dutch Kirk. The negro was discovered by Kirk early this morning and he gave chase and followed the negro on foot to the Junek farm. He caught the negro but he broke away and escaped again.

City Marshal Gene Smith responding, also entered the chase. The negro ran across fields, pastures and down country roads and was finally stopped and brought back to Cameron where he refused to sign a statement prepared outlinging the details of the burglary.

* * *

Olahue Taplin, negro, who was indicted last year by a grand jury for burglary in connection with the robbery of the Roberts 5c to $1 Store and also held for arson in connection with the same robbery, escaped from city police at midnight after he had been placed under arrest for burglarizing the Mondrik Grocery.

Night officers Dan Lunsford and John Eans were making their beat in Santa Fe town and saw the negro crawled out of the west window of the store. When they commanded him to halt he crawled beneath the building. He was ordered out and placed under arrest.

As the officers started for the jail with the negro, he told them that another negro had assisted him and was hidden beneath the store. The officers returned to the store and began the search. Mr. Lunsford gave Taplin a flashlight and the negro was thought to have been assisting the officers to find the other negro. When Lunsford turned his back on Taplin the negro laid the flashlight away in the darkness. Mr. Eans had gone to a telephone to call Mr. Mondrik.

City Marshal Gene Smith was called from his home at midnight and assisted in the search for the negro.

Taplin although indicted for robbery and attempted arson, obtained down on the ground and slipped counsel and won his freedom.

City Marshal Smith said the negro has been implicated in a number of robberies during recent years. He was at one time an employee of the Roberts 5c to $1 Store.

When the officers found him leaving the Mondrik Store Thursday night he had placed a large number of cigarettes in a paper bag and placed them on a table near the window. Mr. Lunsford said the negro wore gloves and no finger prints were to be found.

UNDER NEW MANAGEMENT

The cafeteria at the Ada Henderson School is now under the management of Mrs. Bess Moore who last year had charge of the cooperative free lunch room. Mrs. Moore succeeds Mrs. M. Mohler, who served in this capacity for about ten years.

U.S. Demands Release of City of Flint

The United States government at noon today made a preemptory demand upon the Russian government that the merchant ship, City of Flint, be released immediately from the harbor at Murmansk.

Shortly after this announcement was made, it was said by radio that the Russian government had released the City of Flint to the Germans who captured it on the high seas.

Under maritime law vessels can not be interned in neutral harbors, when captured by a beligerent nation.

The Germans lost 3000 soldiers killed in a series of skirmishes on the western front.

All telephone and telegraph communications between Germany, Holland and Belgium have been discontinued without explanation.

Prime Minister Nevelle Chamberlain in the House of Commons this morning said he would not waste time to reply to Ribbenthrop's Danzig speech and that England also accepts the challenge to fight the war to a finish.

Despite all of these declarations of warlike intent, there has as yet been no war in Europe.

There was increasing uneasiness in the Balkans and Italy was being cast in a new role. Belief was expressed that Italy was preparing to oppose any Soviet move in the Balkans.

Joseph Stalin reversed his decision of last week today by saying that he would furnish the Germans with war materials.

HOSPITALIZATION FUND FOR EMERGENCY CASES INCLUDED IN BUDGET OF COMMUNITY CHEST

The good deeds acomplished by supplying hospital care for those who could not pay, have been perhaps the most appreciated service rendered by the Cameron Community Chest the past year.

Under advice of the attending physician as to the need, and on investigation of the family's inability to pay, every Cameron patient in need of emergency hospitalization has had the hospital expense borne entirely or in part by the Community Chest, there being no charge for the operation itself.

Accidents, rupture, appendicitis, diphtheria, all occur in homes of the underprivileged as well as elsewhere and those who have contributed to the Comunity Chest have the satisfaction of knowing that every needy case brought to the attention of the hospitalization chairman during the past year, has been cared for.

The new budget again includes three hundred dollars for emergency hospitalization.

Mr. and Mrs. Hugo McCawley and daughter Miss Doris McCawley of Rockdale visited friends in Cameron Thursday.

Pastor Here 5 Years Rev. Grove Will Move to Mercedes

Rev. and Mrs. Maurice Grove and children will leave Cameron early next week for Mercedes where Rev. Grove has accetepd the pastorate of the First Christian church.

Rev. Grove leaves a fine record of accomplishment in Cameron not only in church work but with the various civic and social organizations of the city.

Rev. and Mrs. Grove moved to Cameron in 1934 when he became pastor of First Christian Church. This was his first church, he moving here immediately following his graduation from Texas Christian University in Fort Worth. In his second year as pastor, a new $6,000 church building was constructed. During his service as pastor here, the membership has been doubled with an approximate total of 150 members at this time.

Rev. Grove has served on the membership committee of the Red Cross, was a member of the advisory board of the Day School Nursery, was Scout Master for Boy Scout Troop No. 84 sponsored by the Knights of Pythias Lodge, the Masonic Lodge and the Lions Club.

Both Rev. and Mrs. Grove were popular with a large circle of friends in Cameron and will be missed greatly for the part they took in the activities of the community.

It has not been announced who will take the pastorate of the First Christian Church here.

LIVES AT BRYANT STATION 61 YEARS; NEXT TO OLDEST RESIDENT

George Odom, one of the oldest citizens of Milam county and a resident of the Bryant Station community since 1878, was in Cameron Tuesday morning.

Mr. Odom said when he came to Milam county and settled at Bryant Station, this section of the state was a vast area of untouched prairie land and there was not a house within a twelve mile distance in the direction of the Yarrellton community. He said the nearest post office was at a little place called McMillion in Bell county and that each citizen must go to the post office to obtain his mail which was brought by stage coach at irregular intervals.

Besides Mrs. George Mann, who is also a resident of Bryant Station, Mr. Odom is the oldest citizen of that community.

MRS. MARY F. BAILEY DIES IN HOME HERE

Funeral services were held Wednesday afternoon at 3 o'clock for Mrs. Matt B. Bailey, 72, who died at the family residence in Cameron at 8:10 p. m. Tuesday, October 24. Services were conducted from the chapel of the Green Funeral Home with Rev. Maurice Grove, pastor First Christian Chruch, delivering the funeral sermon.

Mrs. Bailey had been critically ill for over a week since a clot of blood formed at the base of her brain. She had been in failing health for over a year. Almost ten years ago, she suffered a stroke of paralysis and had never entirely recovered although she was able to be up and about in her home.

Mrs Bailey, who before her marriage was Miss Mary Frances Arnold, is a native Texan and a native of Milam county having been born October 14, 1867, the daughter of the late D. D. Arnold, old confederate veteran and pioneer settler of Milam county. When she was an infant her family moved to Missouri later moving back to Milam county.

On October 22, 1893 she was married to Mat B. Bailey, long time newspaper man of Cameron, and linotype operator for the Cameron Herald at this time. To this union four children were born, two of whom died in infancy. Mr. and Mrs Bailey had lived in Cameron during their entire married life. Early in life Mrs. Bailey joined the First Christian church here and remained a member until her death.

Mrs. Bailey is survived by her husband, Matt B. Bailey; two daughters, Mrs. Charles E. Bishop and Mrs. E. B. Williams; two grandchildren, Doris Bishop and Billie June Williams; and one brother, Dr. J. E. Arnold, all of Cameron.

Interment was made in the Old City Cemetery with Green Funeral Home directing arrangements.

Pall bearers were J. B. White, M. G. Cox, Elwood Cammer, O. L. Kidd, Judge John Watson and B. F. Reichert.

Boy Scouts Will Not Be Financed By Community Chest

Boy Scout Work in Cameron will not be financed through the Community Chest but will have its own financial set-up.

The executive committee for the Boy Scout organization in a meeting held last night, voted to withdraw from the Community Chest, giving a number of reasons why the committee feels that the Scouts should make their own financial arrangements.

During the past twelve months Scout work has increased in Cameron. It was pointed out by the executive committee that 12 months ago Cameron had only two Boy scout troops and no Cub troops. Today Cameron has three Boy Scout troops and four Cub organizations.

It was further set out in the action of the executive committee that Boy Scout work does not come under the classification of charity or other phases of social welfare work undertaken by the Community Chest, and for this and other reasons, the Scout organization has withdrawn from the Community Chest.

Within a few days the executive cimmittee will arrange to make the canvass for funds for the Boy Scouts and in making the decision to withdraw the Community Chest, an earnest request is made for the cooperation of the citizens of Cameron interested in promoting the work and assisting the young boys of Cameron.

Yoemen Face Odds in Game Here Friday

BY THE DUMB REPORTER

When Cameron resumes conference play on Friday night against the Taylor Ducks, the team will go into play with a number of important changes to be made in the line-up.

When Coach Wood found he could not any longer tolerate infraction of training rules, four men were dismissed from the squad. It has not been easy and will not be easy at any time during the remainder of the season to replace Robert Masopust, who played right end, nor Clayton Dierr, first string guard.

The only known definte assigment to plug up holes left by the loss of these men is the nod given to Charlie Kunz. He has one more year of football if he does not graduate, but due to the fact that he is only 15 years old, he can play two more years. He is one of the best fighters on the team and has a lot of possibilities. In practice this week he was literally burning up the dirt giving his team and his coach the kind of consolation they need at a time when first stringers are lost to the squad.

The game between Cameron and Taylor Friday night will no doubt be one of the most colorful of the season. If Taylor brings her usual number of fans, it will be the first large crowd to attend a football game in Cameron this season.

As the outcome appears from this side of the stadium, Taylor should win by at least two touchdowns, but Taylor has had a hard time beating Cameron on Yoemen Field and if Wood's team can recapture its spirit of determination, it could upset the Ducks and add another scalp to its conference belt.

One of the interesting pre-game announcements is that the Cameron band, one of the best in the United States, will put on a few extra stunts including a black out fire drill by David Wade, drum major.

The dumb reporter feels that the Cameron band in its marching formation would be much more impressive if it occupied a little more space on the field, that is deploying the lines of march. This would make the band look twice as large. Another criticism or suggestion the dumb reporter has, is the band does not play enough pep music. It should be located somewhere near the microphone to give the people the benefit of its music. How about the "Beer Barrel Polka" or something as good at stated intervas during the game broadcast over the public address system?

None of these suggstions are intended to be r lciteiani t etaoinnu tended to be critical in that sense of failing to appreciate the constribution of the band, but are voiced to express what others are thinking as well.

B SQUAD LOSES TO ROSEBUD; WILL PLAY HEARNE TUESDAY

Last Thursday the Yoe High School B Squad met the Rosebud B Squad, the resultant score being 6 to 0 in favor of Rosebud. Although much better than in an earlier game against Hearne, the local boys failed to function effectively on offense and were never able to threaten seriously the Rosebud line.

Rosebud's score was the result of a series of running plays which placed the ball on Cameron's 15 yard stripe from where the only score of the game was made.

The defense of the Cameron boys was fairly good but leaves still a world of room for improvement. In this week's practice, special attention is being given to both pass offense and defense, a weakness made very evident in the Rosebud game.

There were no physical injuries in the game, and the boys are looking forward to meeting the strong Hearne team in Hearne Thursday, 26, when they hope to avenge an earlier defeat at the hands of that team.

Miss Irene Rouse and Miss Cora Rogers spent Sunday in Hearne where they were guests of Miss Rouse's sisters.

Women: "Build-Up" To Relieve Pain

A weak, run-down, undernourished condition calls for attention!

Such a condition often enables *functional dysmenorrhea* to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of CARDUI. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that CARDUI helps to ease the pain and discomfort of the period.

You Can't do
BETTER
by your Car

That's a fact, mister—or Mrs., as the case may be. They just don't make an automotive motor fuel better than Humble's Esso.... A broad statement, we grant you, but Esso will back it up in the perfect performance it gives you in every-day use in your car.... But we don't ask you to take our word for it; rather, we suggest that you try Esso and see for yourself. We suggest that you check its anti-knock quality, its power, its easy starting, its cooler operation. And after you've used it regularly for a while, you'll notice that it leaves your motor in first class condition—an important point to the gentleman who pays repair bills.... Next time your gauge shows low, fill up with Esso at the nearest Humble sign. Test a tankful—you'll come back for another!

GRAND JURY LAYS DOWN FORMULA FOR OFFICIALS

To the Honorable Graham Gillis, Judge of said Court:

We, the Grand Jury, for the above term of said Court beg leave to report that we have been in session 11 days, and during all of our deliberations we have examined 125 witnesses and we have found 36 true bills of indictment, 31 being of the grade of felony and 5 being of the grade of misdemeanor.

We beg to report that at the beginning of our deliberations on September 6, 1939, we, as a body, inspected the county jail and the county farm. We found conditions at both institutions extremely deplorable in that the sanitary conditions seemed to have been completely neglected. Pursuant to our recess, on October 16, 1939, we again, as a body, examined both institutions. We are pleased to report to the Court that the conditions at the county pail had been materially improved. We feel that further improvement is still possible. Our inspection at the couty farm revealed excellent improvements in the conditions there, but we note that there is yet much room for improvement, particularly proper disposition of the waste water, the leaky conditions of the building roofs, and conditions leading to a fire hazard. These conditions, in our judgment, are not the result of any failure on the part of the present management of this institution but, a failure of the Commissioners' Court to properly furnish the management with necessary equipment. In the court house, we believe that it would be to the benefit of the future protection of the building of the Commissioners' Court would post, in convenient locations, placards publicizing that section of the penal code providing penalty for damage to public buildings.

For the further guidance of the Commissioners' Court and the Sheriff and his deputies, we recomend that they again be advised of Article 5115 and 5116, R. C. S. 1925. governing the responsibility of the Commissioners' Court and the Sheriff in regard to the proper maintenance of jails and care of prisoners.

We wish to further report that our progress as a Grand Jury has been impeded by the failure of the Constables and Justices of the Peace to systematically prepare their cases for presentation to the Grand Jury. We do not feel however that this is caused by lack of diligence or unwillingness on the part of the officers, but is brought about primarily through their lack of knowledge of proper procedure.

We feel further that all of the officers should show a higher regard for proper law enforcement in their respective precincts, particularly as to the violations of Articles 286 and 287, Revised Penal Code, 1925. We have instructed all officers that from and after the 1st day of November, 1939, that they shall proceed to enforce the statutes dealing with the sales of goods on Sunday, with the same degree of diligence that we expect them to pursue in all other cases. Article 286, "Selling goods on Sunday" reads as follows:

"Any merchant, grocer, or dealer in wares or merchandise, or trader in any business whatsoever, or the proprietor of any place of public amusement, or the agent or employe' of any such person, who shall sell, barter, or permit his place of business or place of public amusement to be open for the purpose of traffic or public amusement on Sunday shall be fined not less than twenty nor more than fifty dollars."

Article 287 "Permitting sale of certain articles on Sunday, regulations as to motion picture shows, reads as follows:

"The preceding Article shall not apply to markets or dealers in provisions as to sales of provisions made by them before nine o'clock a. m., nor to the sale of burial or shrouding material, newspapers, ice, ice cream milk, nor to any sending of telegraph or telephone messages at any hour of the day or night nor to keepers of drug stores, hotels, boarding houses, restaurants, livery stables, bath houses, or ice dealers, nor to telegraph or telephone office, nor to sales of gasoline, or other motor fuel, nor to vehicle lubricants, nor to motion picture shows or theatres operated in any incorporated city or town, after one o'clock p. m."

It has further come to our attention during our deliberations that there has been a prevalance of street talk throughout the county relative to the conduct of the law enforcement officers. We have found nothing in fact to substantiate these statements but, we do recommend that in the future the officers so conduct them selves so as not to give rise to such comments.

It has come to our attention that in the past the County Court has, contrary to all law and authority granted him, commuted the sentences of and released from jail, certain prisoners convicted in the County Court. We wish to severely reprimand this policy and instruct the County Court to strictly follow the law in the premises in the future.

During our early deliberations we instructed the enforcement officers to increase their vigilance toward the enforcement of all gambling laws, including the existence of slot machines, marble machines, and punch boards and gambling houses. We are pleased to report that these instructions have been fully complied with and we have further instructed the officers to continue their diligence in these matters.

We instruct the Sheriff to have a copy of this report published in each newspaper in the county.

We desire to thank the various court officials and the bailiffs for the assistance given us during our deliberations.

Having completed our labors, we pray the court that we now be finally discharged.

September 18, A. D. 1939.

NEGRO HELD HERE FOR INVESTIGATION RELEASED TO HOUSTON OFFICERS

Edward Brown, negro, was taken from the Milam county jail late Wednesday by Houston officers who wanted him for felony theft.

Brown was placed in jail here last Saturday after having been arrested in Rosebud by Sheriff Kennedy, and held here for investigation after local negroes said Brown was in Cameron trying to sell cigarettes at seventy-five cents per carton.

Although Sheriff Kennedy could not find anyone who had bought any of the cigarettes, he found several who had given Brown their order and they said Brown had gone to Rosebud.

When Brown was placed in jail here, his finger prints were taken and sent to Austin where his identification was established and Houston officers notified. The record of Brown now on file at the sheriff's office shows a long list of offenses and that he was discharged from the state penitentiary in Huntsville last March.

Mrs. Monroe Vogelsang, Mrs. Leo Bruggman, Mrs. C. Witt, Mrs. Tonie Vogelsang and Mrs. W. L. McSherry were among those who attended the NCCW Conveniton in Palestine on Saturday.

Louie Taube of Nogales, Mexico will be in Cameron for the next few days visiting with his sister, Mrs. Adolph Winfield. Mr. Taube has been in New York City for the past several weeks attending the World Fair and on his return trip came by for a visit with his sister, the first since 1936. Mrs. Winfield and Mrs. Henry Dreyer went to Waco early Friday to meet him.

3 DRUNKS SUM UP WEEK END ARRESTS

Except for the arrest of three offenders who were charged with drunkeness, the city had a quiet week end.

Those who were placed in jail and charged with being drunk are Press Valverde, Mexican, arrested by Constable B. F. Bailey on Saturday night and released from jail on Sunday after having paid his fine; Carol Eans, who was arrested by Deputy Clarence McCall; and Carlos Vasquez, who was arrested by city officers and released on Sunday after he paid his fine.

Mrs. Guy T. Newton, County Superintendent and W. E. Driskill, Deputy State Superintendent, concluded their visits to Milam county schools Friday. Those schools visited Friday were Marlow, Belmena, Milano, Hoyte and Minerva. The schools have been visited for the purpose of ascertaining to what extent they are qualified to participate in the equalization fund.

Suffering Women Welcome "Build-Up"

A simple method is saving many women much pain and discomfort! It is based on the knowledge that women's headaches, nervousness, and cramp-like pain often are symptoms of functional dysmenorrhea due to a weak, run-down, undernourished condition. That so many women find relief from these painful symptoms through the CARDUI "build-up" is easy to explain. By improving the appetite, assisting digestion and assimilation, CARDUI helps to build physical resistance against periodic pain. Thousands of women also report that CARDUI, taken just before and during "the time," helps to ease periodic pain.

Eagles Flatten Yoemen As Everybody Takes Turn at Scoring; Water Boy Is Run Out Of Bounds On 2 Foot Line In Last Second Of Play

A brilliant offense paced by Walter Lucas in the tail back position early in the game Friday night at Yoemen field, resulted in a touchdown for the Yoemen but after that the Eagles spread their wings and gave Wood's team a thorough beating.

It was an old fashioned shellacking with the score resembling a country baseball game. Everybody on the Georgetown team made a touchdown except the water boy and he was run out of bounds on the two foot line in the last second of play.

Suffering their worst defeat in modern times, the Yoemen were hanging on as the game closed with the ball deep in their own territory and the Georgetown second and third team on the field. The smail boys who wear uniforms to pad out the squad finally got into the game for the Eagles. They are graduates of the class of 1950.

The Yoemen kicked off to Georgetown for the opening play of the game. The Eagles losing no time on a series of sweeping end runs and off tackle plays marched the ball down the field to the Yoemen 29 yard line where Yoemen held them for downs. Taking the ball from this place the Yoemen marched down the field for a touchdown with Pie Lucas turning in one of the best broken field exhibitions yet seen in Cameron.

The Eagles showed the crowd a brand of football that should win the conference. Their ground game, built around four backs Hughes, Walker, Benold and Edens, did everything to the Yoemen except drink up their water supply. Galbreath played a standout game for the Eagles at end and was especially good on pass catching.

For the Yoemen Walter Lucas and Fred Allen stood out. Allen got away with a number of well executed passes and was brilliant on the offense while Lucas carried the brunt of the Yoemen offense and often times was forced to make his own way due to poor line play and below average blocking. Incidently the score of the game was Georgetown 27, Cameron 6.

Present indications are that the Yoemen have suffered a let down due to the 2200 miles trip to Mexico City and are yet to play their best game of the season in conference competition. The deciding game of conference will be played between Taylor and Georgetown, while the Belton Tigers are improving each day, they were badly defeated by the Eagles.

TURKEY SOUNDS DEATH KNELL TO HITLER AIMS IN BALKANS; ALLIES SAY TURNING POINT IN WAR

Regarded as possible turning point in the present European war in favor of England and France was the signing of the mutual assistance pact between the British, French and Turkey.

In Berlin it was said the Germans were boiling mad over the unfortunate turn in events and European observers believed the Balkan States as well as the Baltic States would show resistance to the infringements of both German and Russian influence in those European spheres.

The Pact is regarded as defintely a thrust at Italy and might preclude Italy going to war to assist Germany.

French troops were withdrawing from German territory, it was reported today and there was no fighting on the western front.

Military observers believed that the French will soon withdraw to their own territory and in that event Germany will occupy a defensive position and there will be no war on the western front at least for the time being.

There was no fighting anywhere today. Russia remained silent over her failure to induce Turkey to surrender the Black Sea and the Dardnelles.

Mr. and Mrs. Macon Banner of Ingleside, are expected here for a week end visit with her mother, Mrs. Howard Baskin.

CHURCH NOTICE

IN CAR WRECK

Richard Hefley who has been visiting in Cameron has returned to Houston.

Reich is Told Reds Will Not Aid In War

Soviet Russia has flatly refused to give Germany any military aid against England and France, it became known today in an authoritative broadcast from Paris in which Joseph Stalin, the Red Dictator, who reiterated his desire for peace and said that he would not supply Germany with soldiers, naval vessels, airplanes, or any finished equipment for war.

Russia will continue to sell Germany raw materials according to the economic agreement but only to the extent of Germany's ability to pay. It was said that the Soviet government was demanding advance payment in gold. Germany has no gold to speak of.

Despite the parting of the ways between Hitler and Stalin on the question of aid to the Reich, it appeared that Russia would not only press her demands upon Finland but there was strong indications that the Soviets would press for control of the Dardnelles and a possible war on Turkey.

According to the view of many informed European observers, peace terms eventually would have to be arranged with Stalin instead of Hitler as it appeared likely that Russia may soon launch a large scale war on her own account but will have nothing to do with Germany insofar as the German position in the present European war is conserned.

On the western front both armies continued to pull their punches and there was indication there would be no war on land this year.

Germany continued to lose bombing planes in a fruitless effort to destroy british convoys in the North Sea. At noon today the British Air Ministry announced two British bombing planes had sunk two German submarines, one in the North Sea and the other in the South Atlantic.

Among the requirements made by Hitler on Soviet Russia for military aid was 2,000 bombing planes to supplement the German air force.

GOVERNOR LEE O'DANIEL BLASTS NEWSPAPERS AND RADIO IN ROCKDALE TALK

Carrying politics into the pulpit with apologies, Governor W. Lee O'Daniel yesterday delivered a stinging rebuke to Texas newspapers and mroadcasting station WBAP from the pulpit of the First Christian church of Rockdale.

The governor had declined to comply with recent regulations enforced on radio broadcasting stations as result of propaganda talks by such men as Father Coughlin and speakers for the German-American Bund.

The Governor resented being asked to submit an advance copy of his address and took advantage of the courtesy of the Rockdale church to launch a bitter politicial attack on his so-called enemies.

Harvie Yoe, Area Supervisor for National Youth Administration, returned to Cameron late Monday after having attended an NYA State Convention in Dallas since last Friday.

Four Dismissed From Squad For Smoking and Breaking Training Rules; Squad Losses Heavily

Behind the scenes of every football squad there is a battle for discipline.

When a football team plays a brilliant game for a quarter or a half and then becomes a listless and ineffective machine, a number of causes may be responsible.

Crowds who saw Yoemen take a drubbing from Georgetown may feel privileged to hazard a few guesses concerning the reasons why, because four members of the Yoemen team have been dismissed from the squad for smoking and breaking training rules.

Those who have lost their berth on the Yoemen team are Robert Masopust, end; Jack Walzel, guard; Clayton Dierr, guard; and Allen DuBois, tackle.

Coach Carol Wood regretfully annouced Saturday morning that his 1939 squad had been thus partially decimated. It became known that Walzel was dismissed from the team for breaking training rules on the trip to Mexico City. All of the boys are charged with smoking and were given opportunities after their first offense. The dismissal came, according to Coach Wood after due warning.

The following pledge was signed at the beginning of the season by all men on the squad:

"We, the undersigned football boys, promise on our honor to observe the training rules that our coach makes, especially the rules concerning smoking and drinking of alcoholic or any intoxicating beverages. We know and fully understand that it is up to the team as well as the coach to enforce these training rules and that we shall immediately be kicked off the squad for breaking these training rules."

Grand Jury Lays Law Down in Roport Issued Wednesday

The Grand Jury which adjourned on Wednesday, Oct. 18, made an exhaustive critical report on law enforcement in Milam county, also taking a slap at sanitary conditions obtaining at the colony for the poor and the county jail.

The Grand Jury, apparently attempting to chastise those responsible for lax law enforcement, nevertheless pulled a few punches in giving a clean bill of slate to those charged with enforcement of law.

The complete text of the grand jury report will be printed in the Cameron Hearld in its issue of Oct. 26.

On September 6 when the Grand Jury inspected the jail and colony for the poor, "We found conditions at both institutions extremely deplorable." Later the Grand Jury found conditions considerably improved. Conditions at the poor farm, said the Grand Jury, resulted because the commissioners' court does not furnish proper equipment.

Constables and Justices of the Peace were criticized for their failure to "systematically prepare" cases for the Grand Jury. Lack of knowledge also was listed as a possible cause for inefficiency.

The Grand Jury delivered an ultimatum to peace officers in the county and the precints that on and after November 1 they shall proceed to enforce the law against the sale of goods on Sunday. For the instruction of officers, the Grand Jury set out Article 286 and after enumerating offenses punishable under law, set out exceptions under Article 287. The exemptions will permit operation of grocery stores until 9 a. m. and permit the sale of gasoline, operation of service stations and picture shows.

The Grand Jury finds no basis for criticism of peace officers during the marble machine and gambling period preceding the now famous speech by Governor W. Lee O'Daniel and the joint manifesto of approbation by Milam county's District Attoreny, then proceeds to tell the officers to "so conduct themselves so as not to give rise to such comment."

The Grand Jurors criticized the county court and the county judge as "contrary to all law and authority granted him, commuted the sentences of and released from jail certain prisoners convicted in the county court and to strictly follow the law in the premises in the future."

The jury report ends substantially with instruction to officers to "increase their vigilance toward the enforcement of anti-gambling laws," naming slot machines, marble machines, punch boards and gambling houses. These instructions were a part of earlier deliberation and officers are commended for having rectified conditions admitted to exist when the Grand Jury convened in September. When Governor O'Daniel made his Sunday morning address, the District Attorney issued a statement for publication stating that none of the conditions which the Governor outlined as prevalent in Texas existed in Milam county.

Mr. and Mrs. John Copley of Jacksonville visited friends here on Sunday. They are former Cameron residents, Mr. Copley having been employed with the New Cameron Drug Company.

★★★★★★★★★★★★★★★★★★

Oh, when the harvest
Moon comes full,
And life is
Once more zestful,
A man can settle
Down and EAT—
And really get
A vestful.

And when he starts
To fill that vest
With Gladiola biscuit,
Look out! The brute
Will never rest
Until he's stomach-
Ache distressed—
It's hardly safe to risk it!

You just set a plate of steaming hot Gladiola biscuits down in front of that man, and watch him eat till those vest-buttons pop! What biscuits you'll bake with Gladiola flour! And say—bake plenty and keep them coming, when you start baking biscuits with Gladiola flour!
